9. **SK Momentum**

- Momentum oscillator designed to augment the analysis provided by the SK Cloud indicator for heightened insight.
- Incorporates green and red zones to denote bullish and bearish market conditions respectively.
- Offers both Dual and Single side mode options for flexible analysis.
- Includes integrated Trend dots and buy/sell signals based on the selected filter level for added confirmation.
- Integrates Renko ATR trend for comprehensive trend assessment.

B. SK Trading Techniques

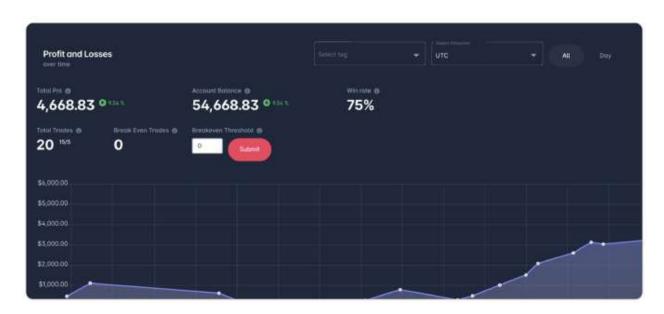

- SK Cloud-Breakout Technique
- SK Bounce Method Technique
- SK Alpha Trend Technique
- SK Alpha-Super Trend Technique (Easiest & most suitable for Beginners)

All the trading techniques and indicators mentioned above are included in the one-time payment. With dedicated practice and proper trade management skills, individuals can confidently navigate and successfully clear the proprietary firm funding evaluations.

Following screenshots shows back testing results for some of the trading techniques. It's essential to note that these results are not typical, and outcomes can vary based on factors such as the trader's experience and prevailing market conditions.

SK Alpha Trend Indicator technique results:

The results showcase a win rate of 75%. While the initial aim was a 1:1 Risk-to-Reward ratio, there were instances where I opted to close a trade based on my experience, particularly when confidence in the trade waned due to factors like candle quality. Through these practices, I successfully increased the account by 10%, transforming a 50,000 USD account into 54,668 USD, with just 20 trades. The detailed results are provided below. This was on 5 min chart (LTF). MTF was set to 15 min and HTF to 45 min. Trades taken by me as following:

C. Strong Recommendation:

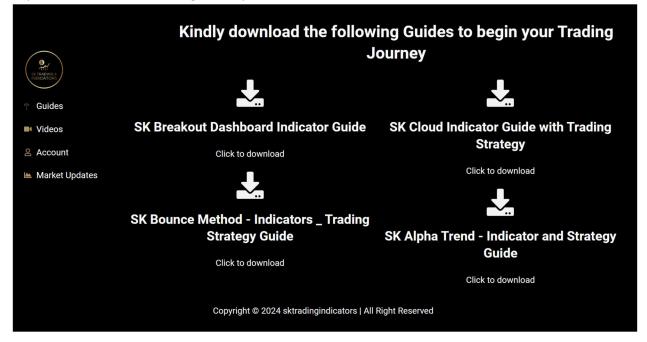

Prior to committing real funds, it is strongly recommended to practice with a dummy account for a minimum of 3 to 6 months. This practice period allows you to familiarize yourself with the strategy, gain experience, and refine your skills in a risk-free environment. Best of luck on your trading journey!

D. Website Content

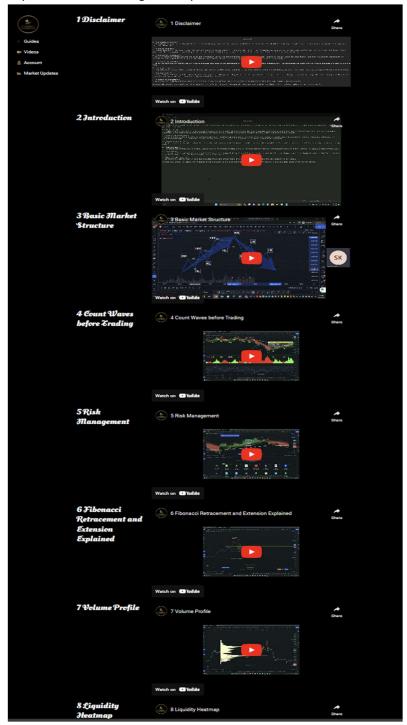

After completing your payment, in addition to the Trading Indicators, you'll gain exclusive access to our website, rich with valuable content. Below is a glimpse of what our website offers:

1. The Guides section provides comprehensive access to all Indicator guides, featuring detailed explanations of various trading techniques.

2. The Videos section hosts a plethora of videos covering diverse trading topics, providing detailed explanations of trading techniques.

- 3. Within the Account section, you have the capability to modify your password, log out, view payments, and manage subscriptions. Please note that while you can't change your TradingView username once submitted during payment, you can perform other account-related actions.
- 4. In the Market Update section, you'll find regular postings of market updates for your reference

THE END
